

Newport Speedway, TN

Event Bulletin

Friday Testing

- a. Optional testing will be available on Friday the 29th.
 - i. The cost is \$150 per car, paid to Newport Speedway prior to entering the track.
 - ii. The gates will open at 10am for unloading and practice will be from 2pm – 6pm
 - iii. Haulers will unload outside the track, and teams will bring their car, toolbox, tents, etc.. inside the track
 - iv. Teams will be allowed to bring equipment, tools, etc.. inside the track via pickup truck (no trailers), golf cart, etc.
 - v. All cars & equipment will be left inside the track on Friday night, so teams should bring tents, car covers, tarps, etc.

Weather

1. If the race must be cancelled due to weather, IHRA will give as much notice as possible. We will make every effort to race, but we understand that many teams travel long distances and the cost to travel is high.

Team Support

1. AFCO, American Racer, Racing Radios, and Roger Clendenin Racing Parts, and VP Racing will be available inside the track on both Friday and Saturday

Starting Grid

1. IHRA will start thirty-two (32) cars in each division. The top twenty-eight (28) spots will be based on qualifying results, with the remaining four (4) spots designated as provisionals. These spots will be based on point standings

Tires

1. IHRA & American Racer will continue the Tire Swap option. It is becoming difficult for American Racer to clean markings off the tire once they take them back, so teams may only swap a tire that is free from non-factory markings. Once a team writes on the tires, they own them. Painters' tape will be available to mark on if you need to swap a tire.
